

## Palmistry

### What is Palmistry?

Palmistry is the sacred art of foretelling the future by the lines, marks, fingers, nails, size and shape of the hand. Chiromancy relates to reading the lines and markings on the palms, whereas Chirolology relates to reading the shape and form of the palms. Chiromancy, comes from the Greek word, *chir* meaning 'hand' and *manteia* meaning 'divination'; literally meaning "divination through the hand".

In a sense, your palm is actually a blueprint for your life's journey. Understanding this blueprint enables you to access information not only about future trends, but also about a whole range of 'here and now' issues such as relationships, health, work, money and travel. Palmistry is an incredibly accurate tool for self-awareness, predicting the future, analysing the past and so much more.
